Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

1. SIN Description

SIN: 485 Ground Transportation
NAICS: 4853200, 485991, 485999

OPEN TO ALL SOURCES

The General Services Administration (GSA) offers the opportunity to acquire ground passenger transportation service through its GSA schedules program and leverage the Government's purchasing power by soliciting for ground transportation services using van, motor coach (bus), ambulance, taxicab or limousine for both scheduled and unscheduled routes. The Contractor shall provide professional ground transportation services to assist the Government in meeting its driver/shuttle needs. Services include, but are not limited to, the following:

Single Passenger Transport	Driver Services	Passenger Assistance
Multiple Passenger Transport	Shuttle Services	Package Support
VIP Transport	Bus Services	
Airport Transport	Ambulette and Ambulance Services	

2. Scope

The Contractor shall:

- a) Provide a full range of services necessary to satisfy ordering agencies' ground transportation requirements. The Government is seeking services that industry normally accords to commercial customers.
- b) Be capable of providing services for ordering agencies with multiple organizational levels and geographic locations nationwide and/or worldwide.
- c) Be capable of handling multiple task orders simultaneously.
- d) Contractors may offer this SIN for performance 1) regionally, 2) domestically or 3) worldwide. Contractors offering on a regional basis must specify the area in which services are being offered for consideration. Please further specify the domestic coverage area (i.e. "48 contiguous states + D.C.", or "all states and U.S. territories"). If offering worldwide, please also specify the domestic coverage area as indicated.

3. General Requirements

The Contractor shall:

- a) Provide commercial ground transportation services using vans, ambulances, motor coach (bus), taxicab or limousine for both scheduled and unscheduled routes. Services can be used for single or multiple passenger shuttle transportation between and among specified locations; driver services; airport transport; VIP transport, etc. within or between cities.
- b) Furnish all vehicles, insurance, drivers, supervision, maintenance, equipment, and operating

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

supplies/services, and perform all services necessary to provide passenger ground transportation services for ordering agencies.

- c) Provide driver-only services to operate Government owned/rented/leased vehicles as specified by the ordering agency. In such cases the Government will provide the vehicle, and maintenance.
- d) Ensure that its firm and staff maintain any generally required professional certification, accreditation, license, bond, and proficiency relative to their area of expertise. The Contractor shall retain documentation of such records. The Government will not pay for expenses to meet this requirement.
- e) Fuel may be provided by the Government or by contractor, as stipulated in task orders issued under this contract.
- f) In the event of a recovery purchase, contractor may be required to provide and implement close-out and shutdown procedures.

4. Reporting Requirements

The Contractor shall:

- a) Provide Government agencies with standard commercial and custom reports as requested. This includes, but is not limited to, the number of passengers and packages transported by day and time; passenger lists; mileage; etc.
- b) Identify commercial reports that are available to enhance an agency's ability to manage its ground transportation program. Reports should be available on a monthly, quarterly and yearly basis, and have the ability to roll up data at an aggregate level for the agency.
- c) Provide all passenger information for transactions paid by all forms of payment, including, but not limited to Government Charge Card will be in all reports
- d) Provide GSA with a quarterly report, electronically, that details each ordering agency's ground passenger expenditures for the given report period, and provide individual and cumulative total across all agencies serviced, by type of service ordered for the fiscal year report period. See required data fields below.

The Government operates on a fiscal year basis of October 1 through September 30 of each year. The report is due by the 30th calendar day after the end of each report period as indicated below:

Service Provided Between	Services Report Due to GSA By
January 1 and March 31	April 30
April 1 and June 30	July 30
July 1 and September 30	October 30
October 1 and December 31	January 30

Electronic Submittal. The information shall be provided in an electronic commercial format readable in Microsoft Excel 2010 and uploaded into the Sales Reporting Portal (SRP) <https://srp.fas.gsa.gov/> as an attachment to the contractor's quarterly IFF and sales reporting.

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

Required Data Fields. The minimum data fields to be reported are:

Delivery Services			
Type of Service	Agency	Number of Transactions* (List by Type of Service Ordered)	Dollar Value of Transactions* (List by Type of service ordered)

Accessorial Services			
Accessorial Services Description	Agency	Number of Transactions* (List by type of Service Ordered)	Dollar Value of Transactions* (List by type of service ordered)

*** NOTE:** Each individual accessorial is also considered a “type of service” ordered. For each accessorial charge, identify and name the accessorial and list the total number of accessories used and the total dollar amount for each accessorial used during the period reported.

Failure to Submit Reports. The failure to submit a report or in the proper format with required information in two (2) consecutive quarters and or three (3) of four (4) quarters may result in negative evaluation when considering performance rating for renewing options and may result in termination of the Contract. Contractors with contracts on file for this SIN **are required to submit a report even if no services were provided during the quarter.**

Fraudulent Use: The contractor shall provide the GSA Contracting Officer a quarterly report listing any suspected fraudulent use of the schedule by authorized or unauthorized users (e.g. using the schedule for personal use vs. official Government purposes). Contractors may report suspected fraudulent use to the GSA Contracting Officer at any time.

The information shall include, at a minimum, the agency, account number, name and address of account, point of contact and phone number for the account, shipping and billing information including the sender and recipient, origin and destination addresses, and proof of delivery. The contractor shall provide the relevant information and the reason why it suspects fraudulent use of the Government account number, including names, dates, phone numbers, origin and destination information for suspected shipments, billing and payment information, and any action taken by the Contractor.

Customized Reports:

- (1) The Contractor, if offered commercially, shall provide upon request of the Government agency, customized reports on service performed under this contract.
- (2) The specific data elements of the report will be outlined in the Task Order.

Special Item Number (SIN) 485
Ground Transportation
Requirements

GSA Contracting Office:

From time to time, the GSA Contracting Office may require and the Contractor shall provide agency-specific data on the contract services provided (e.g., number of transactions per service, associated sales, etc.) to respond to Congressional, policy, management or OMB inquiries about a specific agency. This is separate from other reporting requirements identified herein.

5. Specific Requirements

The Contractor shall perform the following:

a) Operating Authority and Compliance:

- 1) Contractors that operate ground transportation services as a carrier of 8 or more passengers, shall provide proof of compliance annually with the US Department of Transportation (DOT) Safer System found at <https://safer.fmcsa.dot.gov>. Proof of compliance includes updated MCS150 applications every 24 months as required by DOT.
- 2) Shall provide on award, and on the anniversary of award date, proof of carriers' updated Vehicle Miles Travelled (VMT) and Power Unit (PU) data to ensure that it is current and accurate with the MCS-150 carrier registration information with DOT. Outdated or inaccurate data could negatively affect your safety assessment. If safety assessment is less than satisfactory or exceeds an intervention threshold for a safety category (i.e: Unsafe Driving, Hours of Service compliance, driver fitness, controlled substances and alcohol, vehicle maintenance, crash indicator, etc.), this will be grounds to terminate your contract.
- 3) The Contractor shall have and maintain current charter or common carrier operating authority as required by the appropriate regulatory agencies. The Contractor shall comply with all stipulations and representations required by any Federal, State, Municipal or local laws or executive orders, or any applicable rules, orders, regulations, or requirements of any commercial carriers.
- 4) Ensure all drivers and equipment are in compliance with the Department of Transportation Federal Motor Carrier Safety Administration (FMCSA) Regulations, including a Safety Measurement System rating that does not exceed the intervention threshold as defined by DOT. Safety Rating must be, at a minimum "satisfactory" (see <http://ai.fmcsa.dot.gov/SMS/> to look up Safety Ratings).
- 5) Ensure all vehicles have the United States Department of Transportation (USDOT) Numbers for all vehicles involved in interstate commerce, whether they are private carriers or for hire carrier. These DOT numbers shall be provided to the Contracting Officer prior to award of any contract.
- 6) Ensure that limousine services are in compliance with 49 C.F.R. Parts 390-399 of Federal Motor Carrier Safety Regulations (FMCSR).
- 7) Ensure that shuttle buses are in compliance with 49 CFR Part 38 – Americans and Disabilities Act (ADA) Accessibility Specifications for Transportation Vehicles.
- 8) Ensure vehicles are accessible for standard or motorized wheelchairs or motor scooters, which includes appropriate locking devices when required by ordering agency.
- 9) For task order purposes, DOD may require the contractor to be on DOD's Approved Carrier List for the term of the order.

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

- 10) In the event landline and wireless communications may be unstable or unreliable, contractor shall ensure there is adequate back-up communication between central dispatch, field staff, bus operators and other parties as specified in task orders placed under this contract.

b) Vehicle and Passenger Safety:

The Contractor shall:

- 1) Comply with the generally accepted standards for vehicle operation and maintenance practices. As a minimum, the contractor shall comply with all provisions, applicable statutes and agreements which may affect safety, and with all Department of Transportation and State regulations, directives, orders, rules and standards. Compliance with published standards may not, standing alone, constitute compliance with generally accepted standards of operation, training or maintenance.
- 2) Ensure all operating equipment is properly maintained. Contractor must have in place a company program ensuring the systematic inspection and maintenance of all vehicles in the carrier's control. All parts and accessories must be in safe and reliable operating conditions at all times. This includes vehicles' brake system, hazard and warning signals, head lamps or lights, parking brake system, reflective material strip and tail lamps, turn signals and other accessories that may affect the safe operation of the vehicles.
- 3) Provide a copy of vehicle maintenance records upon request of the agency.
- 4) In the event of an accident or failure of a vehicle, the contractor's driver shall do his/her utmost to ensure the safety of all passengers. The contractor shall immediately dispatch vehicle(s) to the scene to transport stranded passengers while simultaneously notifying the customer agency of the incident and any/all actions taken. The Contractor shall be required to repair or replace inoperative vehicle within one (1) hour, beginning from the time the vehicle is first determined to be inoperative. The services shall not be considered restored until the contractor officially notifies the customer agency. If the Contractor fails to repair or replace inoperative vehicle with a similar vehicle as outlined, the agency, at its option, may elect to secure a replacement vehicle from other sources, regardless of the reasons that caused the downtime. The contractor shall be assessed for any cost incurred by the customer agency in securing replacement services.
- 5) Comply with the Department of Transportation (DOT) safety inspections ensuring that each vehicle used in the performance of this contract be inspected in accordance with the inspection requirements of the state/local governmental regions in which the vehicle is garaged and ensure that all vehicle (s) used to transport Government employees meet the local and state inspection safety requirements. A current certificate of inspection must be available for review by the ordering agency.
- 6) Prior to departure from the origin point, each driver may be requested to present to the federal agency a Vehicle Condition Report, indicating a bus standard or service/safety inspection was conducted by the carrier prior to dispatch from the company offices.
- 7) Keep records and logs of mileage, maintenance, accidents and repairs, and so forth, for all vehicles used under this contract for verification purposes. The Contractor shall keep vehicle inspection records in the location where the vehicles are maintained or garaged, for at least 1 year.
- 8) The Contractor shall also maintain employee-training records, documenting training required by the Contractor and equipment operator training and safety training. The records shall be made available to the customer agencies upon request.

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

c) Insurance:

The Contractor shall:

- 1) Possess and maintain adequate liability insurance in accordance with state or local regulations to cover both drivers and vehicles being operated by the drivers at his/her own expense.
- 2) Furnish copies of current insurance coverage for each passenger vehicle required by the applicable regulatory authorities.
- 3) Ensure that all vehicle(s) used to transport Government employees and authorized users meet the local and state insurance requirements.
- 4) Possess and maintain insurance coverage for Interstate/Intrastate carriers in the amount required by the Federal Highway Administration (FHA)/state regulatory body, respectively. Contractors operating both intrastate and interstate are required to comply with FHA insurance requirements.
- 5) Possess and maintain general liability insurance of at least \$1,500,000 for any vehicles with a seating capacity of 15 or less (including the driver) and \$5,000,000 if vehicle has a seating capacity of 16 or more passengers.
- 6) Possess and maintain evidence of Worker's Compensation Insurance or a written explanation as to why the Contractor is exempt from the requirement.
- 7) Provide proof of insurance upon request. Proof of commercial insurance is not required for those carriers self-insured under FHA/DOT criterion.

d) Indemnification:

The Contractor shall:

- 1) Agree to indemnify and save harmless agency from and against any claims brought against agency and liabilities incurred by agency arising from driver's relationship with driver's employees, whether under industrial accident laws, worker's compensation laws, or any other federal, state, or municipal laws, rules, regulations, and orders applicable to the relationship between employers and employees.
- 2) The Government will not be responsible for violations incurred by the operator or citation issued for deficiencies of the vehicle. Contractor shall agree to indemnify and save harmless the Government agency from and against any claims brought against the Agency and liabilities incurred by the Agency arising from Driver's relationship with Driver's employees

e) Driver:

The Contractor shall comply with the following:

- 1) All drivers must meet and be in compliance with all state licensing requirements as outlined by the Federal Motor Carrier Safety Regulations (FMCSRs). The Contractor, as an independent contractor, and not as an agent of the Government, shall at his/her own expense, obtain and maintain the necessary permits, franchises, licenses, or other authorizations and certifications required of commercial carriers to lawfully perform the services required under this contract.
- 2) Ensure all drivers assigned to work under this contract are trained, fully qualified, have no

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

criminal or police record, have a safe driving record, have a good command of the English language (both verbal and written). Vehicles shall be operated by drivers who meet all state and local licensing and insurance requirements. Contractor shall ensure all drivers obey all traffic rules and regulations, including posted speed limits, traffic signals and director/parking signs in compliance with applicable state and local laws.

- 3) Ensure drivers are routinely tested for drug and alcohol violations. The Contractor driver's annual summary of drug and alcohol testing records will be provided upon request as part of the inspection in accordance with 49 Code of Federal Regulations Parts 382 and 391. Such services will be at the company's own expense.
- 4) Drivers shall assist passengers with any luggage, including loading the luggage into the vehicle upon pick-up, and retrieving the luggage from the vehicle upon drop-off.
- 5) Drivers, if necessary, shall offer assistance to all passengers into and out of a vehicle that has a high entrance step. This may include placement of a stepping stool below the entrance to make entering and exiting the vehicle easier for passengers.
- 6) Drivers may be required to make circuitous routes in order to pick-up or drop-off passengers at different locations. In such situations, in order to save time and avoid backtracking, drivers shall attempt to get to the next location that is closest first, and so on.

f) Hours of Operation and Geographic Coverage:

The Contractor shall:

- 1) Provide ground transportation service on a daily basis (Monday through Friday), except on Federal holidays and other non-work days or official closings observed by the Federal Government. Ordering agencies may require contractors to provide off-hour ground transportation support, as stipulated in task orders placed under this contract.
- 2) Provide ground transportation services for ordering agencies with multiple organizational levels and geographic locations nationwide and/or worldwide.
- 3) The contractor shall be capable of handling multiple task orders simultaneously.

g) Government Furnished Property:

The ordering agency may provide the vehicle, maintenance and fuel, etc. when driver only services are required.

h) Security:

The Contractor shall comply with the security procedures in effect at the Federal Government facility and/or customer agency installations.

6. Specific Requirements Applicable to Emergency Bus Evacuation Services

Contractors may elect to provide services in support of emergency bus evacuations events coordinated by the Federal Emergency Management Administration (FEMA) in response to national or natural disasters. Contractors, when awarded this additional service, must comply with the additional terms outlined below.

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

Emergency Bus Evacuation Services General Requirements

The Contractor will provide these services :

- a) Be able to provide CONUS scope contingent upon activation of FEMA support services.
- b) Provide a minimum of 1% ADA compliant coaches of the total required per task order under emergency events in lieu of the ground transportation Requirement document "Ensure that shuttle buses are in compliance with 49 CFR Part 38 – Americans and Disabilities Act (ADA) Accessibility Specifications for Transportation Vehicles."
- c) Offer emergency evacuation services 24/7 response.
- d) Accept/reject task orders within 4 hours after receipt.
- e) Identify alternative minimum order limitations.
- f) Identify the places of origin for all subcontractors for purposes of Service Contract Labor Standards Act compliance.
- g) **Firms offering this support must also offer transportation consulting services under SIN 541614SVC Supply and Value Chain Management.**
- h) Support both operational planning of their response to a specific evacuation and to assist federal, state, and local emergency planners in developing preparedness plans.
- i) Indicate that they will participate in Recovery Purchasing under the GSA Schedule Program as set forth in Section 833 of the John Warner National Defense Authorization for Fiscal Year 2007.

Emergency Bus Evacuation Services Pricing Requirements

The Contractor will provide these services including the following pricing specific to these services:

- a) Emergency Plan Response Consultation and Preparation fee
- b) Planning and Staging Base pricing per Bus Day, which shall include coach, driver, fuel, driver food and driver lodging.
- c) Propose alternate pricing structures based upon scenarios where the customer requires buses to be parked for extensive periods of time.
- d) Propose alternate pricing structures based upon scenarios where the Federal Government provides fuel and/or food and/or lodging.
- e) Include the statement "All travel and per diem costs associated with the delivery of these services is included in the fixed price Bus Day rate herein or provided by the Government and will not be billed separately."
- f) Any cancellation fees that apply. For example: if an ordering agency has requested an Emergency Plan response, and the Contractor has provided a plan of action, has busses fueled and stationed in preparation, but the ordering agency cancels its request, or the need fails to materialize, a cancellation fee will apply to cover the contractor's emergency preparation costs.

7. Definitions

Accessorial Charges or Accessorials: A fee charged to an existing charge that is supplementary to the line-haul. Typical accessorials may include but is not limited to: administration fees, offloading fees, local shipping or delivery charges, handling fees, or fluctuating fuel surcharges.

Ambulette Services: Can include but are not limited to a specially equipped motor vehicle for transporting convalescing or handicapped individuals and/or those that may or may not need wheelchair and/or gurney services, para-transit, senior citizens and special needs passenger transportation services. These services may also include oxygen tanks. Services may also offer

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

pricing for various personnel needed for transporting convalescing or handicapped people. The contractor's motor vehicles and employees transporting customers shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract in accordance with the locations it services.

Ambulance Services: Can include but are not limited to a specially equipped motor vehicle for the transportation of sick or injured people to, from or between places of treatment for an illness or injury. These services may also include oxygen tanks. Services may also offer pricing for various personnel, such as EMT or appropriate medical personnel needed for transporting the sick or injured individuals. The contractor's motor vehicles and employees transporting customers shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract in accordance with the locations it services.

Bus Carriers: Carriers operating motor vehicles authorized by the Federal Highway Administration or State regulatory bodies to transport 16 or more passengers including the driver, passengers and their baggage for compensation.

Commercial Motor Vehicle (CMV): A vehicle employed in interstate commerce that is "designed or used to transport more than 8 passengers (including the driver) for compensation."

CONUS: Continental United States, which is the 48 contiguous states and the District of Columbia

Federal Motor Carrier Safety Regulation (FMCSR): Part 49, Code of Federal Regulations under web site: <http://www.fmcsa.dot.gov>.

FIPS: Federal Information Processing Standards. Publication 95-1 lists the 4-digit codes for each Federal agency. This publication is available at <http://www.itl.nist.gov/fipspubs/fip95-1.htm>.

Fiscal Year: October 1 through September 30

Fuel Surcharge: A fee added to an existing charge to cover the rise in costs of gasoline or diesel fuel. A surcharge may be either a fixed amount per transaction or an amount calculated as a percentage of the charge. Fuel Surcharges, if charged, must be disclosed in the accessorial chart of the Pricing Proposal.

Industrial Funding Fee (IFF): The IFF reimburses the General Services Administration for the costs incurred in procuring and managing the Transportation, Delivery and Relocation Solution schedule. The IFF is to be built into the RSVP pricing offered.

Limo/Van Carriers: Commercial carriers operating motor vehicles authorized by State or Federal authorities to transport no more than 16 passengers including the driver and passengers' baggage.

Limousine: Means a stretch limousine or any of the four-door, full-size luxury vehicles having a standard seating capacity for Limo/Van Carriers or Non-Commercial Motor Vehicle (non-CMV) operators or carriers operating motor vehicles authorized by State or Federal authorities to transport no more than 15 passengers, the driver and the passengers' baggage.

Motor Coach: A vehicle designed for long distance transportation of passengers, characterized by integral construction with an elevated passenger deck located over a baggage compartment. It's at least 35 feet in length and transports 30 passengers or more.

OCONUS: Refers to "outside the Continental United States" that is, any country, state or possession outside of the lower 48 states and the District of Columbia.

Shuttle: A motor vehicle with a seating capacity of 7 or more passengers engaged in the business of

Special Item Number (SIN) 485
Ground Transportation
Requirements
10/1/2019

carrying passengers for hire, or offering to carry passengers for hire, except motor vehicles used as taxicabs, ambulances, sightseeing tour vehicles, and except limousines rented with drivers by contract.

Taxicabs: A type of public transport for a single passenger or small group of passengers; typically for a non-shared ride. A taxicab is a vehicle for hire which conveys passengers between locations of their choice.

Van: A motor vehicle used to transport passengers.

Vehicle: A motor vehicle as defined in the Motor Vehicle Act.

Vehicle Condition Report: A bus standard or service/safety inspection conducted by the contractor prior to dispatch from the company offices.
